

## 14.0 ENVIRONMENTAL POLICY

### APPLICATION

This policy applies to all management, volunteers and guests of volunteers (collectively referred to within this Policy as 'Volunteers') of the Ellenbrook Community Radio (inc) (referred to within this Policy as Ellenbrook Radio) and outlines Ellenbrook Radio's workplace environmental policy.

### POLICY

Ellenbrook Radio 88.5fm is committed to minimising potential impact on the environment.. Ellenbrook Radio will operate in compliance with all relevant environmental legislation and strive to prevent unnecessary pollution and waste.

We will do this by:

- a) Minimising waste generated by 88.5fm operations.
- b) Diligently recycling waste in the containers provided. (Yellow recycling bin outside building)
- c) Ensuring we do not use unnecessary water and electricity, turning off lights when leaving the facility.
- d) Purchasing products which have the least environmental impact.
- e) Promoting environmental awareness among Volunteers and Members.
- f) Communicating our environmental commitment to clients and the public and encouraging support.

**Signed**

A handwritten signature in black ink, appearing to read 'N Antartis', is written over a light grey, textured rectangular background.
